5:30pm - 6:30pm	Day Care \$ 280	Day Care \$ 340	Day Care \$ 340	Day Care \$ 300	Day Care \$ 320

As a reminder, if you register your child to an After-School Activity on slot 2 or slot 3, you need to select an activity for the previous slots (including Study Hall) unless you pick up your child at the end of the school day and come back for the selected activity on slot 2 or slot 3.  
This does not apply for Individual Music Lessons that last 30 minutes: day care will be provided for the other half hour before or after the lesson.

# Nursery to Kindergarten After-School Program

## Descriptions of the Activities

### **Choir with Anselmo Academy, In English**

Our preschool Choir class encourages social and cognitive development in the very young who love to sing. Choir class is focusing on building language, physical, singing as well as listening skills. We will work on pitch matching in a fun and engaging way. Students will learn about their speaking and singing voices and work on blending unison melodies!

### **Cooking with Émilie Aguerre, in French**

Kids love to create wonderful dishes in the kitchen. Bon appétit !

### **Danse with Amélie Benard, in French**

Boys and girls, discover the basics of modern dance! Ready to dance!

### **Dance with Emilie Aguerre, in English**

Jump, spin, and slide into this amazing dance class! In this perfect introduction to dance, we will explore creative movement, ballet, and Broadway musical theater. The children will learn the art of story telling through music and movement with classical music and fun filled songs. They will also learn skills like listening and following instructions, working alongside their peers, taking turns, setting goals and feeling the excitement of achieving them!

### **Day Care with Teachers & SLAs**

Day care supervised by our Teachers and School Life Assistants. Before 6pm pick up is at our Fifth Avenue Building. After 6pm, children will be accompanied to our Main Building (111 East 22nd Street) where parents will pick them up. Latest pick up at 6:30pm.

### **Discover Mandarin with Christine Kaplan, in Mandarin**

This activity will focus on Mandarin conversational skills and cultural activities.

### **Discover Spanish with Alisha Soto, in Spanish**

This activity will focus on conversational Spanish skills and cultural activities.

# Nursery to Kindergarten After-School Program

## Descriptions of the Activities

### **Fitness & Agility with Swan Kids, in English**

This is a truly unique program custom designed to develop the skill sets & wellness attributes that kids need. Focusing on increasing response times and mental endurance while engaging them in some of the world's most fast paced and kid loved obstacle courses.

### **Intro to Chess with Growing Minds - PreK and Kindergarten only - In English**

This is a fun, interactive introduction to chess for young children through stories and games. Students will learn about the Pieces and Rules of the game. There will also be the opportunity to participate in an interscholastic tournament at the end of the semester. Recommended for students who have little or no knowledge of chess.

### **Krav Maga with Swan Kids, in English**

Krav Maga is the world's best self-defense method, it is also insanely fun & very practical. We teach simple but incredibly effective techniques that help kids' agility and mobility.

### **Lego with Ben Hayes, in English**

Join Ben Hayes to create amazing things from Lego!

### **Little Ecologists with Little Ecologists - PreK and Kindergarten only - In French**

Little Ecologists is a French after-school program that reconnects kids to Nature and celebrate the Earth. We empower children to develop eco- friendly habits, to further their critical thinking and social integration, and to stimulate their creative faculties. Students will learn how to take care about the environment while having fun, develop a strong environmental awareness and take actions for a better planet.

### **Mad Sciences with Swan Kids, in English**

Beware! Whether you are Dr. Jekyll or Mr. Hyde, it's time to let out your inner mad scientist. Learn the science of slime, build a flying rocket, put an egg in a bottle or turn it into a bouncy ball. In this fun class we will be experimenting with the weird & wacky side of science. Prepare to thrill your mind, challenge your beliefs, and definitely get just a little bit messy! This class focuses on appropriate concepts in chemistry, biology, natural sciences and real-world physics applications. It is designed to inspire the child and connect them to the versatile applications of scientific principles in the modern world.

# Nursery to Kindergarten After-School Program

## Descriptions of the Activities

### **Math Games & Activities with Yuna Kwon, in English**

Improve your child's fundamental math skills with our fun Math Games & Activities class! In our Math Games & Activities class, the children will develop their mathematical thoughts through engaged conversations and activities. Introducing simple math concepts, such as sorting, finding patterns, or counting up to 100 will offer the children a targeted practice with key skills for early learners. Our goal is to guide each child to overcome any challenges that they may encounter in mathematical activities, allow them to have fun, and love math!

### **Robotics with Swan Kids, in English**

This activity combines the STEM principles into a seamless program, customized for all ages. Our students learn how to apply all four in designing, programming & building their gadgets that come to life at their command.

### **Rhythmic Gymnastics with Émilie Aguerre, in French**

Come Dance and Play with a ribbon, rope, hoop or ball! Rhythmic Gymnastics is a fun activity that helps develop flexibility, agility, dexterity, strength and coordination.

### **Soccer with Soccer Shots, in English**

Children learn the basic fundamentals of soccer in a fun environment of games and challenges.

### **Team Sports with Ben Hayes, in English**

Join Ben Hayes and get ready to run, jump, and exercise in a variety of sports and activities!

### **Tennis with Tennis Innovator, in English**

At our Fifth Avenue Building, students will learn the basics of Tennis while having a blast!

### **Théâtre with Marie Jo Cima, in French**

Join Marie Jo Cima for some fun theater classes! This activity emphasizes the creativity, enjoyment, and personal growth of each child. Through drama games, movement, music, and vocal exercises, kids will explore self-expression and gain confidence. Toddlers learn to listen to each other, respect each other and play all together on stage.

### **Yoga with Emilie Aguerre, in English**

Stretch and build a strong body by learning yoga postures and relaxation techniques

As a reminder, if you register your child to an After-School Activity on slot 2 or slot 3, you need to select an activity for the previous slots (including Study Hall) unless you pick up your child at the end of the school day and come back for the selected activity on slot 2 or slot 3.

This does not apply for Individual Music Lessons that last 30 minutes: day care will be provided for the other half hour before or after the lesson.

# 1<sup>st</sup> – 2<sup>nd</sup> Grade After-School Program

## Descriptions of the Activities

### **Arabic with Fawzia Mohamed, in Arabic**

This activity will focus on conversational Arabic skills and cultural activities.

### **Arts with Danielle Richard, in English**

The after-school Art program dives into the techniques, processes and skills that students can use to develop their own unique, personally meaningful art practice. Danielle's workshop is centered on creative problem solving, critical thinking, curiosity, play and self-discovery taught through the fine art mediums: drawing, painting, printmaking and three-dimensional design.

### **DJ with Noise 212, in English**

Children learn the fundamentals of music production as they create their own personal beats and mixes.

### **Fencing with Manhattan Fencing, in English**

This program is designed for beginner, intermediate, and competitive fencers in foil. No experience necessary! The program includes fitness instruction, games, skill training, tactics/strategy, competitive bouts, and more. Fencing develops discipline, balance, coordination, quick reflexes, mental acuity and good sportsmanship. Equipment is provided.

### **Guitar Group Class with Anselmo Academy, in English**

This entry-level guitar and songwriting class is designed as a practical course and will focus on techniques that will help students expand on their ideas for lyrics and thematic content. Essential guitar skills and basic note-reading will be taught in a fun, supportive setting which will allow students to blossom at their own pace.

### **Gymnastics with Swan Kids, in English**

In this novice class children will be introduced to the fundamentals of gymnastics. Gymnasts will develop a solid understanding of skills & learn basic movements such as cartwheels, handstands, bridges, etc. while gaining strength, flexibility, & kinesthetic awareness! All this is done according to guidelines set by USAG gymnastics.

# 1<sup>st</sup> – 2<sup>nd</sup> Grade After-School Program

## Descriptions of the Activities

### **Intro to Chess with Growing Minds, in English**

This is a fun, interactive introduction to chess for young children through stories and games. Students will learn about the Pieces and Rules of the game. There will also be the opportunity to participate in an interscholastic tournament at the end of the semester. Recommended for students who have little or no knowledge of chess.

### **Mad Sciences with Swan Kids, in English**

Beware! Whether you are Dr. Jekyll or Mr. Hyde, it's time to let out your inner mad scientist. Learn the science of slime, build a flying rocket, put an egg in a bottle or turn it into a bouncy ball. In this fun class we will be experimenting with the weird & wacky side of science. Prepare to thrill your mind, challenge your beliefs, and definitely get just a little bit messy! This class focuses on appropriate concepts in chemistry, biology, natural sciences and real-world physics applications. It is designed to inspire the child and connect them to the versatile applications of scientific principles in the modern world.

### **Musical Theater with Anselmo Academy, in English**

Let's start our journey to the stage: Musical Theater we will tackle everything from singing, acting and voice technique to prep us for the final show of the year, a Broadway songs review! What's a review? It is a 30-minute show showcasing songs from all your favorite Broadway shows! Sign up to sing and have an Amazing time!

### **Piano Group Class with Anselmo Academy, in English**

All children will be encouraged to learn basic Music & Piano Skills, including: introduction to piano, listening, singing, and clapping, followed by note reading and writing, music theory, history, piano/keyboard skills, and much more! During these group classes children also learn social skills and will enjoy learning music together in a very positive and friendly environment.

### **Robotics & Sciences with Swan Kids, in English**

This class inspires children to connect with the fun and approachable side of science by teaching them to create robots, rockets and other exciting items of their own design. A very interactive course that takes kids through the basics of robotic construction/design, circuit building, alternative energy sources, custom robots/machinery, appropriate concepts in chemistry, biology, natural sciences and real-world physics applications.

# 1<sup>st</sup> – 2<sup>nd</sup> Grade After-School Program

## Descriptions of the Activities

### **Study Hall with Teachers & Staff, in English and in French**

Children get help with homework and projects from our Teachers & Instructors.

### **Tae Kwon Do with Lauren Marquez, in English**

Not your typical Tae Kwon Do class: everything we learn seeks to answer the question of being the most effective sparrer possible. Pads don't hit back, if it doesn't work in sparring, we do not teach it. This is a sparring focused Olympic Sport Tae Kwon Do class. Distance, footwork, attacking, counterattacking. It's better than any video game. Gear is mandatory to participate.

### **Team Sports with Ben Hayes, in English**

Join Ben Hayes and get ready to run, jump, and exercise in a variety of sports and activities!

### **Tennis with Tennis Innovator, in English**

Tennis Innovators will introduce players to all of the tennis strokes and connect them to specific footwork and body mechanics. Players will play in both cooperative and competitive drills and games as they develop their rallying, consistency and tactics. We will begin introducing competitive point play and match play. Include private bus transportation to Tennis Innovator venue (15-20 minutes) located 500 8th Avenue btw. 35th & 36th Street. This activity lasts till 5:40pm (2 slots).

### **Théâtre with Marie Jo Cima, in French**

Students focus on improvisation, scene study, and many different acting styles in a fun, expansive theatrical exploration. They will invent stories that their peers will play. They learn how to listen to each other and create as a group with their imagination and characters. They learn principle and technics of acting (respiration and diction).

### **Yoga with Cara Frey – With Grade 3-5 - In English**

Stretch and build a strong body by learning yoga postures and relaxation techniques.

This does not apply for Individual Music Lessons that last 30 minutes: day care will be provided for the other half hour before or after the lesson.

# 3<sup>rd</sup> – 5<sup>th</sup> Grade After-School Program

## Descriptions of the Activities

### **3D Printing with Swan Kids, in English**

Students learn about this new technology while making three dimensional objects from digital files that children create all on their own.

### **Arabic with Fawzia Mohamed, in Arabic**

This activity will focus on conversational Arabic skills and cultural activities.

### **Arts & Architecture with The Art Studio NYC, in English**

It's time to get creative! In this architecture class for kids, students will unleash their imagination, tap into their unique creativity, learn architectural skills and techniques, and design their dream building while having FUN together! Through engaging, top-notch art and architecture art lessons, enjoy interactive learning with peers, kids will feel excited and inspired as they learn about how architects work while exploring their own self-expression through designing a modern building of their very own. This is a perfect class for all levels!

### **Chess Level 1 with Growing Minds, in English**

This class will review piece movement and familiarize / solidify students' knowledge of basic chess rules. Students will also build a foundation in tactics, critical thinking and pattern recognition. They will also be introduced to Openings and the key ideas of the beginning stage of the game. Students will have the opportunity to participate in an interscholastic tournament at the end of the semester. Recommended for students who have some basic knowledge of chess.

### **Digital Arts with The Art Studio NYC, in English**

Calling all budding artists who love technology AND want to draw and paint! In this interactive and upbeat art class, kids will learn how to draw and paint anything and everything in user friendly and exciting digital art format. Learn a wide variety of digital tools and techniques that will enable you to create every type of drawing and painting imaginable, including blend modes, basic gestures, shadows, making your own brushes, color and texture creation, editing, line and shape, color palette, and exporting and printing files. Kids will learn how to create artwork including self-portraits, animals, plants, superheroes, citiscapes and additional exciting subject matter while receiving customized one-on-one instruction from an inspiring, encouraging and non-judgemental expert art educator!

### **DJ with Noise 212, in English**

Children learn the fundamentals of music production as they create their own personal beats and mixes.

# 3<sup>rd</sup> – 5<sup>th</sup> Grade After-School Program

## Descriptions of the Activities

### **Fencing with Manhattan Fencing, in English**

This program is designed for beginner, intermediate, and competitive fencers in foil. No experience necessary! The program includes fitness instruction, games, skill training, tactics/strategy, competitive bouts, and more. Fencing develops discipline, balance, coordination, quick reflexes, mental acuity and good sportsmanship. Equipment is provided.

### **Finance Club with Spark Academy, in English**

Learn how to manage your money in this program promoting essential life skills! Set your financial goals, develop a budget from scratch, shop for a credit card and calculate the monthly cost of your dream car. Students also learn about mortgages, FICO scores, taxes and the dangers of piling up debt. Through simulations and hands-on activities, participants gain confidence to explore financial decisions they will have to make in the future.

### **Guitar Group Class with Anselmo Academy, in English**

### **Study Hall with Teachers & Staff, in English and in French**

Children get help with homework and projects from our Teachers & Instructors.

### **Tae Kwon Do with Lauren Marquez, in English**

Not your typical Tae Kwon Do class: everything we learn seeks to answer the question of being the most effective sparrer possible. Pads don't hit back, if it doesn't work in sparring, we do not teach it. This is a sparring focused Olympic Sport Tae Kwon Do class. Distance, footwork, attacking, counter-attacking. It's better than any video game. Gear is mandatory to participate.

### **Team Sports with Ben Hayes, in English**

Join Ben Hayes and get ready to run, jump, and exercise in a variety of sports and activities!

### **Tennis with Tennis Innovator, in English**

Tennis Innovators will introduce players to all of the tennis strokes and connect them to specific footwork and body mechanics. Players will play in both cooperative and competitive drills and games as they develop their rallying, consistency and tactics. We will begin introducing competitive point play and match play. Include private bus transportation to Tennis Innovator venue (15-20 minutes) located 500 8th Avenue btw. 35th & 36th Street. This activity lasts till 5:40pm (2 slots).

# 3<sup>rd</sup> – 5<sup>th</sup> Grade After-School Program

## Descriptions of the Activities

### **Théâtre with Marie Jo Cima, in French**

Students focus on improvisation, scene study, and many different acting styles in a fun, expansive theatrical exploration. They will invent stories that their peers will play. They learn how to listen to each other and create as a group with their imagination and characters. They learn principle and technics of acting (respiration and diction).

### **Yoga with Cara Frey – With Grade 1-2 - In English**

Stretch and build a strong body by learning yoga postures and relaxation techniques.

As a reminder, if you register your child to an After-School Activity on slot 2 or slot 3, you need to select an activity for the previous slots (including Study Hall) unless you pick up your child at the end of the school day and come back for the selected activity on slot 2 or slot 3.

This does not apply for Individual Music Lessons that last 30 minutes: day care will be provided for the other half hour before or after the lesson.

# Middle School After-School Program

## Descriptions of the Activities

### **3D Printing with Swan Kids, in English**

Students learn about this new technology while making three dimensional objects from digital files that children create all on their own.

### **Arts & Architecture with The Art Studio NYC, in English**

It's time to get creative! In this architecture class for kids, students will unleash their imagination, tap into their unique creativity, learn architectural skills and techniques, and design their dream building while having FUN together! Through engaging, top-notch art and architecture art lessons, enjoy interactive learning with peers, kids will feel excited and inspired as they learn about how architects work while exploring their own self-expression through designing a modern building of their very own. This is a perfect class for all levels!

### **Digital Arts with The Art Studio NYC, in English**

Calling all budding artists who love technology AND want to draw and paint! In this interactive and upbeat art class, kids will learn how to draw and paint anything and everything in user friendly and exciting digital art format. Learn a wide variety of digital tools and techniques that will enable you to create every type of drawing and painting imaginable, including blend modes, basic gestures, shadows, making your own brushes, color and texture creation, editing, line and shape, color palette, and exporting and printing files. Kids will learn how to create artwork including self-portraits, animals, plants, superheroes, citiscapes and additional exciting subject matter while receiving customized one-on-one instruction from an inspiring, encouraging and non-judgemental expert art educator!

### **Fencing with Manhattan Fencing, in English**

This program is designed for beginner, intermediate, and competitive fencers in foil. No experience necessary! The program includes fitness instruction, games, skill training, tactics/strategy, competitive bouts, and more. Fencing develops discipline, balance, coordination, quick reflexes, mental acuity and good sportsmanship. Equipment is provided.

### **Guitar Group Class with Anselmo Academy, in English**

This entry-level guitar and songwriting class is designed as a practical course and will focus on techniques that will help students expand on their ideas for lyrics and thematic content. Essential guitar skills and basic note-reading will be taught in a fun, supportive setting which will allow students to blossom at their own pace.

# Middle School After-School Program

## Descriptions of the Activities

### **Mad Sciences with Swan Kids, in English**

Beware! Whether you are Dr. Jekyll or Mr. Hyde, it's time to let out your inner mad scientist. Learn the science of slime, build a flying rocket, put an egg in a bottle or turn it into a bouncy ball. In this fun class we will be experimenting with the weird & wacky side of science. Prepare to thrill your mind, challenge your beliefs, and definitely get just a little bit messy! This class focuses on appropriate concepts in chemistry, biology, natural sciences and real-world physics applications. It is designed to inspire the child and connect them to the versatile applications of scientific principles in the modern world.

### **Photography with Melissa Millan, in English**

Student learn the basics of digital photography and how it can be used for personal expression or photojournalism.

### **Study Hall with Teachers & Staff, in English and in French**

# FFF Soccer Program Grade 1-3 and Grade 4-5

Separate registration → Click here to register: [Soccer Program](#)

## Grade 1-3 and Grade 4-5: two weekly 1-hour sessions by the FFF

This after-school activity consists of two weekly 1-hour sessions with the FFF coaches, on Tuesdays and on Thursdays, from 4:15pm to 5:15pm. For the Fall, the sessions will be held outdoors at the turf field at **Moses Playground (42nd Street and 1st Avenue)**.

Transportation (from / to The École) will be supervised by FFF coaches and The École SLAs. The children will leave The École around 4:15pm, returning to The École at approximately 5:45pm.

During these sessions, the coach will follow the 5 step-approach developed by the FFF and the French Ministry of Education. Focusing on drills to improve the children's skills, the coach will start with warm up and exercises with or without the ball, followed by a focus on ball skills to develop the children's skills individually and as a team. They will end the sessions with a game.

### Tuesdays and Thursdays – Fall Season: \$870

- This represents 20 sessions of one hour each (see chart)
- Subway transportation (from / to The École)
- Jerseys are provided
- One FFF coach will supervise a maximum of twelve children
- Registrations are made and payments are due per Season

### Possibility to register for one weekly session only:

#### Tuesdays only – Fall Season: \$480

- This represents 11 sessions of one hour each (see chart)

#### Thursdays only – Fall Season: \$390

- This represents 9 sessions of one hour each (see chart)
